PRESENTATIONS

One presentation was made to the Commission, as follows:

Following her presentation, Vice Chairman Ortega asked about agricultural development in the Valley area of the county (as previously asked by for Commissioner David Salazar), and Ortiz said she tried to address any particular issue presented to her by Valley residents. Ortega also asked Ortiz what efforts she is undertaking to enhance 4-H Club participation in Pecos and east San Miguel County, and Ortiz said there was little interest in Pecos, and not enough potential participants in east SMC, though three families attend activities in Las Vegas. Ortega also extended an invitation to Extension Service officials at New Mexico State University, to visit the county and also address the Commission.

Commissioner Marcellino Ortiz recommended to Samantha Ortiz that she visit Pecos in person, to attract interest in Extension Service and 4-H Club activities, and that he would be happy to accompany her.

**AT 2:43 P.M., THE COMMISSION PROCEEDED
TO REGULAR ORDER, AS FOLLOWS:**

ITEM 1: ORDINANCE NO. 03-11-14-LED (INTERGALACTICA, LLC)

Planning & Zoning Supervisor Alex Tafoya introduced this Item, noting that at its last meeting the Commission adopted a resolution proposing adoption of the above-titled and numbered Ordinance which will allow Intergalactica, LLC, to become a qualifying entity for economic development funding under the LEDA Act and the County's LEDA Ordinance. Tafoya noted that the title and content of the proposed Ordinance and notice of today's hearing thereon, was published in the Las Vegas Optic at least two weeks in advance, as required by law. (At the request of Vice Chairman Ortega, County Attorney Jesus Lopez explained the LEDA Act and the County's LEDA Ordinance, and the funding mechanisms through the NM Economic Development Department.)

Whereupon, at 2:49 p.m., Vice Chairman Ortega convened a public hearing on the proposed Ordinance, and first invited all persons in support of the proposed Ordinance to address the Commission, and the following persons appeared before the County Commission and expressed their support: Catherine Kahn, and Antoinette Gallegos of the NM Economic Development Department. [The verbatim comments made by each of the foregoing persons are preserved in the audio recording of the meeting, which recording is maintained in the office of the San Miguel County Clerk and available for public inspection.]

Vice Chairman Ortega then asked if anyone desired to speak against adoption of the proposed Ordinance; and after making a call for the third time, Vice Chairman Ortega noted that no person sought recognition.

Whereupon, Vice Chairman Ortega concluded the public hearing on proposed Ordinance No. 03-11-14-LED and asked the pleasure of the Commission. Commissioner Padilla moved adoption of the proposed Ordinance, and upon a second by Commissioner Sena, the Clerk called the roll of the Commission, and all four Commissioners voted in the affirmative and Ordinance No. 03-11-14-LED was duly adopted, approved and ordained by the County Commission.

ITEM 2: P&Z COMM. RECOMMENDATIONS ON DRAFT OIL&GAS ORDINANCE

Planning and Zoning Supervisor Alex Tafoya presented this item, as follows:

Tafoya noted that the County's Planning & Zoning Commission met and held a public hearing on the draft proposed ordinance relating to oil and gas exploration and drilling in San Miguel County. Tafoya said the public hearing was well attended, and that more than 40 persons offered comment and recommendations to the Planning & Zoning Commission.

Tafoya then informed the Commission, that the Planning & Zoning Commission has made eight specific recommendations to the County Commission, as a result of its public hearing and review of the proposed draft ordinance, as follows: (1) that the existing oil and gas moratorium be extended for an additional two years, to allow the County Commission sufficient time to entertain and deliberate upon public comment and written data and reports concerning oil and gas exploration and drilling in San Miguel County, (2) that the County Commission consider and address the loopholes and fine points summarized by Bob Wessely, (3) that the County Commission consider and address the findings recommended by Leslie Hammel-Turk, (4) that the proposed draft ordinance lacks, and should include, a water monitoring protocol, as pointed out by Brad Turk, (5) that the proposed draft ordinance lacks, and should include, air quality monitoring and a baseline protocol for same, (6) that while the proposed draft ordinance contains noise regulations, it lack a protocol relating thereto, (7) that the County Commission consider adopting a ten-mile setback around and from the Conchas Dam Reservoir in east San Miguel County, for any oil and gas exploration and drilling, and (8) that the County Commission do its utmost to protect air, water and the environment in San Miguel County.

Whereupon, Vice Chairman Ortega announced that the recommendations made by the Planning & Zoning Commission were duly acknowledged and received by the County Commission, and that they would be carefully reviewed by each Commissioner individually, and deliberated upon at future meetings and hearings of the County Commission. Ortega then invited comment from the other County Commissioners.

All Commissioners stated that the recommendations made by the Planning & Zoning Commission need to be carefully reviewed by them, with Commissioner Padilla stating that he was particularly concerned about water availability and whether the County's Comprehensive Plan is being adequately addressed as the process moves forward. Padilla also stated that Commissioners need to seriously consider whether to implement the Planning & Zoning Commission's recommendation to extend the oil and gas moratorium for an additional two years, to allow Commissioners more time to consider the extensive and sometimes conflicting data and information relating to oil and gas drilling.

Commissioners Padilla, Ortiz and Sena all stated they felt it was necessary for a meeting to be scheduled as soon as possible between the County Commission and the Planning & Zoning Commission, so that County Commissioners could hear from the P&Z Commission, and fully understand the reasons and rationale for their recommendations.

Whereupon, at 3:13 p.m., Vice Chairman Ortega directed staff to schedule a joint meeting of and between the County Commission and the Planning & Zoning Commission, per the consensus expressed by the County Commission, as noted above.

(The funds will be used to complete the meat market portion of the facility.)

Vice Chairman Ortega and County Manager Montoya both recognized Antoinette Gallegos of the NM Economic Development Department, who addressed the Commission and thanked Commissioners and staff for their continued work and cooperation in LEDA projects and economic development generally.
